*Looking to cut down on your commuting expenses?  
Wish you could drive less, save more and spend less?*

## ***Carpooling is the answer!***

The **Carpooling Makes Sense** program (CMS) is a New Jersey Department of Transportation (NJDOT) sponsored program that provides registered commuters participating in the program with a \$100 gas gift card. In fact, the program has recently been enhanced to provide for additional bonuses for multi-passenger carpools

The distribution of gas cards per carpool is (maximum of \$200 per carpool - one time offer): 4+ person carpool: \$200; 3-person carpool: \$150; 2-person carpool: \$100

The program rules are simple. Commuters must travel together at least 24 days in a 60-day time frame to receive the benefit. All New Jersey residents and workers are eligible for the program, subject to the requirements for the gas cards. A carpool is defined as two or more individuals, over 18 years old, sharing a ride to work, college or university.

Need help finding a carpooler to join you? **Cross County Connection can even help find you a rideshare partner.** Get all the details at: [www.driveless.com](http://www.driveless.com).

## **Pooler Payback**

Want to save *even more*? Cross County Connection is offering those carpoolers who have successfully completed the CMS program the chance to earn **another \$100 gas gift card**. The *Pooler Payback* program is funded through CCCTMA and has the same rules and regulations as the initial Carpooling Makes Sense program. To be eligible for the Pooler Payback program commuters must successfully complete the CMS program and continue carpooling an additional six months. Carpools must then re-register for the Pooler Payback program and carpool another 24 days in a 60 day period.
